 **THE LISTENING TAPESCRIPT**

From: <http://www.listenAminute.com/e/english.html>

I'm a bit shy when I have to speak in English. I'm a little worried about making mistakes. I also still lack confidence. Many of my friends don't worry about mistakes. They just talk and talk. They always get their message across, even if their grammar is wrong. I think this is the best thing to do. My teacher always says it's best to learn by doing. If I don't try to speak English, I'll never be able to use it when I need it. One thing I started doing recently was talking to myself. I have short conversations with myself. I think it works. I also make short stories about people and say them aloud. I do this in my room, of course. People would think I'm crazy if I did it in class or on the train.
